IN its first stages, can be successfully checked by the prompt use of Ayer's Cherry Pectoral. Even in the later periods of that disease, the cough is wonderfully relieved by this medicine.

"I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Pectoral cured me."-A. J. Eidson, M. D., Middleton,

"Several years ago I was severely ill. The doctors said I was in consumption, and that they could do nothing for me, but advised me, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine two or three months I was cured, and my health remains good to the present day."—James Birchard, Darien, Conn. Darien, Conn.

"Several years ago, on a passage home from California, by water, I contracted so severe a cold that for some days I was confined to my state-room, and a physician on board considered my life in danger. Happening to have a bottle of Ayer's Cherry Pectoral, I used it freely, and my lungs were soon restored to a healthy condition. Since then I have invariably recommended this prep-aration."—J. B. JOHNSTON'S SHAMEFUL ADMISSION. He Practically Admits That the Snits Against Speak-Easy Proprietors Were

for Political Purposes.

"Those names against whom informations were made on Saturday for illegal liquor selling may have been furnished by someone connected with the Democratic headquarters." This was the remark of District Attorney Johnston yesterday. What an admission within two days of an election! Does he not know that O'Leary, Larkin and Giles have marked for slaughter these 14 persons, members of their own party, who on this occasion are actively supporting Henry I. Gourley, the Republican nominee, and more remarkable still the District Attorney of this county uses his position to compel criminal prosecution against these persons. Is anyone so blind as not to see that this is that this is a measure to coerce these unforunates to vote against their will and the ictates of their conscience
